

ICIS 2022 COVID-19 Information

Mask policy:

All meeting attendees will be strongly recommended to wear face masks in all public areas, and masks will be available at the registration desk. We will adhere to COVID-19 health requirements in place in Ontario and Ottawa at the time of the conference.

Exceptions to mask recommendations will be made for speakers at symposia/talks, and during coffee breaks and receptions. Thus, individuals should make decisions around their personal comfort levels when attending such events given that people will be moving around without masks while they eat or drink.

We ask that you are mindful of social distancing throughout the conference, and respect other people's COVID19 concerns.

Other recommendations:

Test yourself with an at-home test in the 24 hours prior to attending the conference. If you have taken a test before traveling, consider also testing yourself again after your arrival, and of course, test yourself at any point during the conference if you feel any symptoms that might be related to COVID (e.g., body ache, excessive fatigue, headache, sniffles, sore throat, fever).

List of COVID-19 testing sites near the conference venue:

1. [Rapid Test Trace](#)
2. [Appletree Medical Clinic](#)
3. [Bridle Path Pharmasave](#)
4. [LifeLabs](#)
5. [MD Connected/JC Health](#)
6. [PCR Travel Test Ontario](#)
7. [Riverside Travel Medical Clinic](#)
8. [Shoppers Drug Mart](#)
